

FIRE DRILLS

Fire drills will be scheduled by the building principal. Fire Drills should be conducted at least once per month while school is in session. Exceptions to the frequency of such drills may be granted pursuant to state law.

The purpose of a fire drill is to train students, under staff direction, to move safely, quickly, and quietly from any location within the building to an assigned evacuation area outside. The building principal is responsible for creating fire drill routes and procedures, and for maintaining all documentation relative to fire drills.
