

## **Video and Audio Recording in School Classrooms**

The Laconia School Board recognizes that video and/or audio recordings can serve many valuable purposes that align with our schools' educational mission and programming. The Board approves the use of these recordings for educational purposes including, but not limited to, recording student performance and classroom activities for instructional purposes; creating classroom instruction materials; and providing tools for teacher instruction and development.

In accordance with (RSA 189:68, IV), no classroom recordings for teacher evaluation purposes will occur without written consent of the teacher and the parent or legal guardian of each affected child.

### Access

Any release, listening, or viewing of the recording shall be permitted in accordance with state and/or federal law. Such recording will not be released to parents without the permission of the parents of all identifiable students.
