

ACCELERATION OR RETENTION OF STUDENTS

The Superintendent and Building Principals will develop administrative rules for the acceleration or retention of students. These rules will be published in the “Parent-Student Handbook” and the “Staff Handbook”

Criteria to be considered regarding the promotion of students should include, but not limited to, a student’s mastery of course level competencies, grades, teacher recommendations, and the student’s social growth and readiness.

Adopted: September 24, 1984
Revised: 12/1/98, 9/16/08
