

STUDENT CONDUCT

Student conduct that causes material or substantial disruption to the school environment, interferes with the rights of others, presents a threat to the health and safety of students, employees, and visitors, violates other board Policies or is otherwise inappropriate is prohibited. Students are expected to maintain appropriate classroom behavior that allows teachers and staff to perform their professional duties effectively and without disruption.

Students will conduct themselves in a manner fitting to their age level and maturity and with respect and consideration for the rights of others while on school district property or on property within the jurisdiction of the school district; while on school owned and/or operated school or chartered vehicles; and/or while attending or engaged in school activities. Student may also be disciplined for off-campus behavior in accordance with the provisions of Policies JICDD and JICK.

Terms and levels of discipline are established in Policy JICD. Disciplinary measures include, but are not limited to, removal from the classroom, detention, in-school suspension, out-of-school suspension, restriction from activities, probation, and expulsion.

Removal from the classroom means a student is sent to the building principal's office. It is within the discretion of the person in charge of the classroom to remove the student.

Detention means the student's presence is required during non-school hours for disciplinary purposes. The building principal is authorized to establish guidelines or protocol for when detention shall be served (either before or after school.) Whether a student will serve detention, and the length of the detention, is within the discretion of the licensed employee disciplining the student or the building principal.

An in-school suspension means the student will attend school but will be temporarily isolated from one or more classes while under supervision. An in-school suspension will not exceed ten consecutive days.

An out-of-school suspension means the temporary denial of a student's attendance at school for a specific period of time for gross misconduct, neglect or refusal to conform to school rules or policies.

A restriction from school activities means a student will attend school and classes and practice but will not participate in school extra-curricular activities.

STUDENT CONDUCT

Probation means a student is given a conditional suspension of a penalty for a definite period of time in addition to being reprimanded. The conditional suspension will mean the student must meet these conditions and terms for the suspension penalty. Failure of the student to meet these conditions and terms will result in immediate reinstatement of the penalty.

Expulsion means the permanent denial of a pupil's attendance at school for any of the reasons listed in RSA 193:13, II and III.

Due process in accordance with all applicable laws will be afforded to any student involved in a proceeding that may result in suspension, exclusion, or expulsion. Students expelled from school may be reinstated by the School Board under the provisions of RSA 193:13.

Following the suspension of a special education student, an informal evaluation of the student's placement will take place. The Individual Education Program (IEP) is evaluated to determine whether it needs to be changed or modified in response to the behavior that led to the suspension.

If a special education student's suspensions, either in or out of school, equal ten days on a cumulative basis, a staffing team will meet to determine whether the IEP is appropriate.

It is the responsibility of the superintendent, in conjunction with the principal, to develop administrative regulations regarding this policy.
